Special/Fun Notes

Neyel has trouble with the fatty dishes of the 3 pigs inn

Neyel falls unconscious when wrongly opens the mortuary from University. Slaps male nurse doing cardiac massage then tries to seduce him with no success.

Althan leads Ortonès & Erastès in the Inn Cellar where they taste a lot of beers. Leaves them quite drunk.

What I must remember

Lakas is suspicious of the PCs.

Baron Atsaku is 2 to 3 days from Limènas, currently on lake Périonis doing business.

Inquisitor Phéménos is 3 weeks from Limènas

Dziga is out from Limènas and under suspicion from Count. If Count finds package, both Dziga & Neyel are in serious trouble.

Neyel first uses telepathic abilities with employers. Will be angrily remembered as she didn't mention it.

Dziga took books mentioning specters out of the University Library. Said on mission for Count.
